

Kaja Kocharńska

Way of designing process.
Home in Azores.

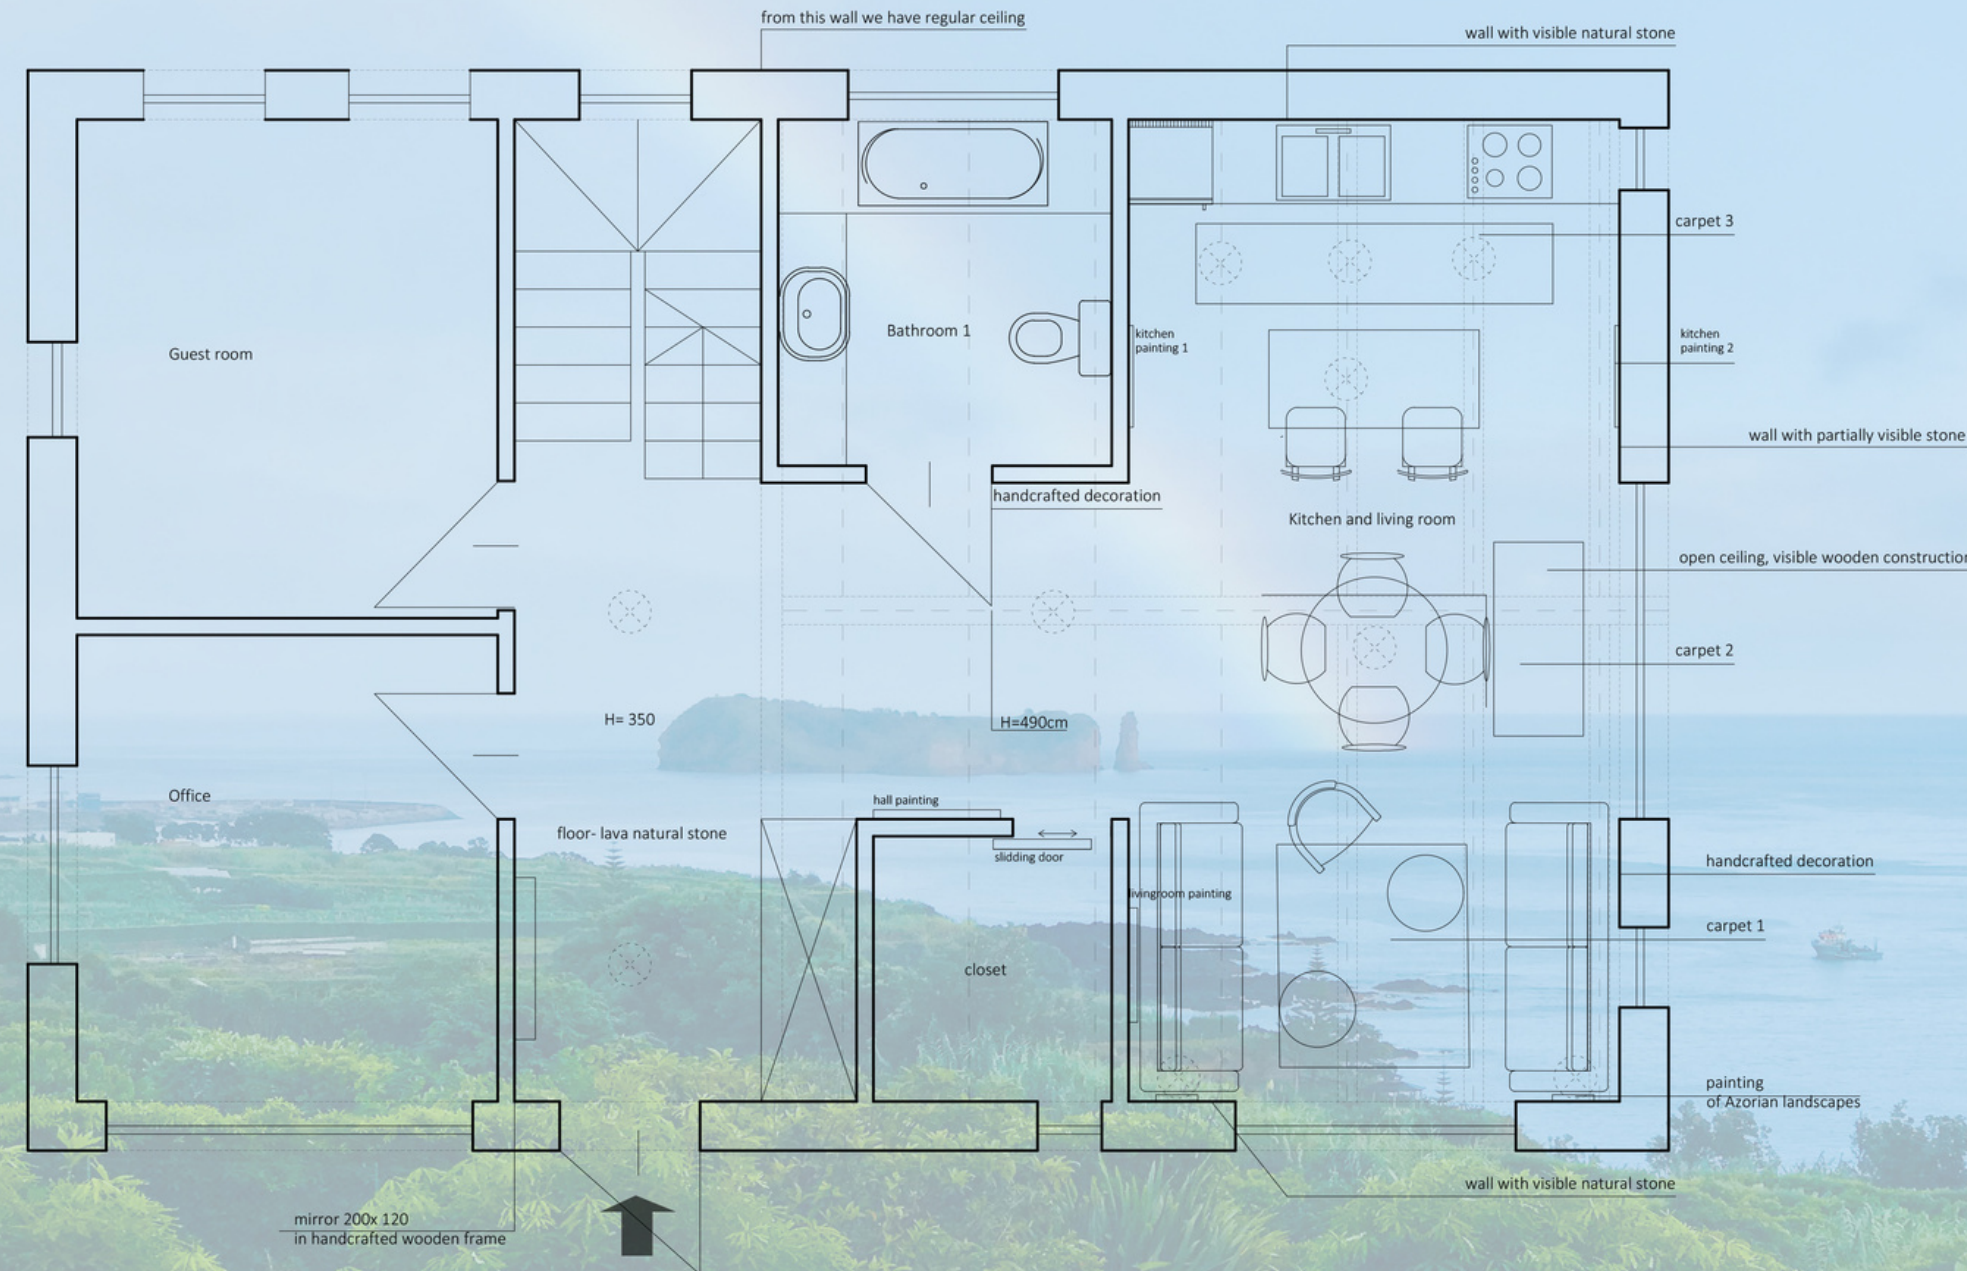

HOME IN AZORES

START

Living in Paradise, „one & only” oasis for living.

Entire project created through „Home is your wider body method”.

Client's intention: create „one and only” oasis for living. Influenced by the natural beauty of the Island, we used: lava stone, clay, local wood (cryptomeria), flowers, shells and locally hand-crafted decorations. Colors, structures and materials that merged together with clients and spirit of the Island, San Miguel.

HOME IN AZORES

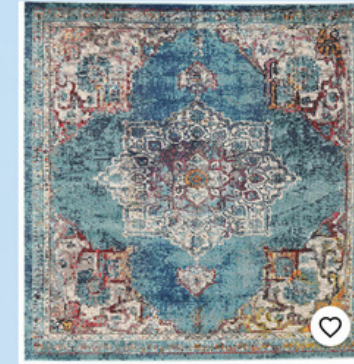

Floor plan & main qualities of design.

Natural materials lamps

Smooth and soft muslin curtains

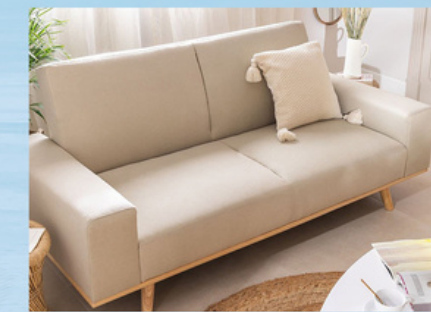

Gentle beige & classic design- kitchen gives „home feeling” of interior

kitchen island- chairs gently complete entire atmosphere of the space

Natural wood chairs and dining table made of local wood

Gentle, ivory sofa and armchair give feeling of peace and freshness

Greenery shifts the energy and cleans the air

Beautiful, sculptured cabinets and drawers, created by local artists

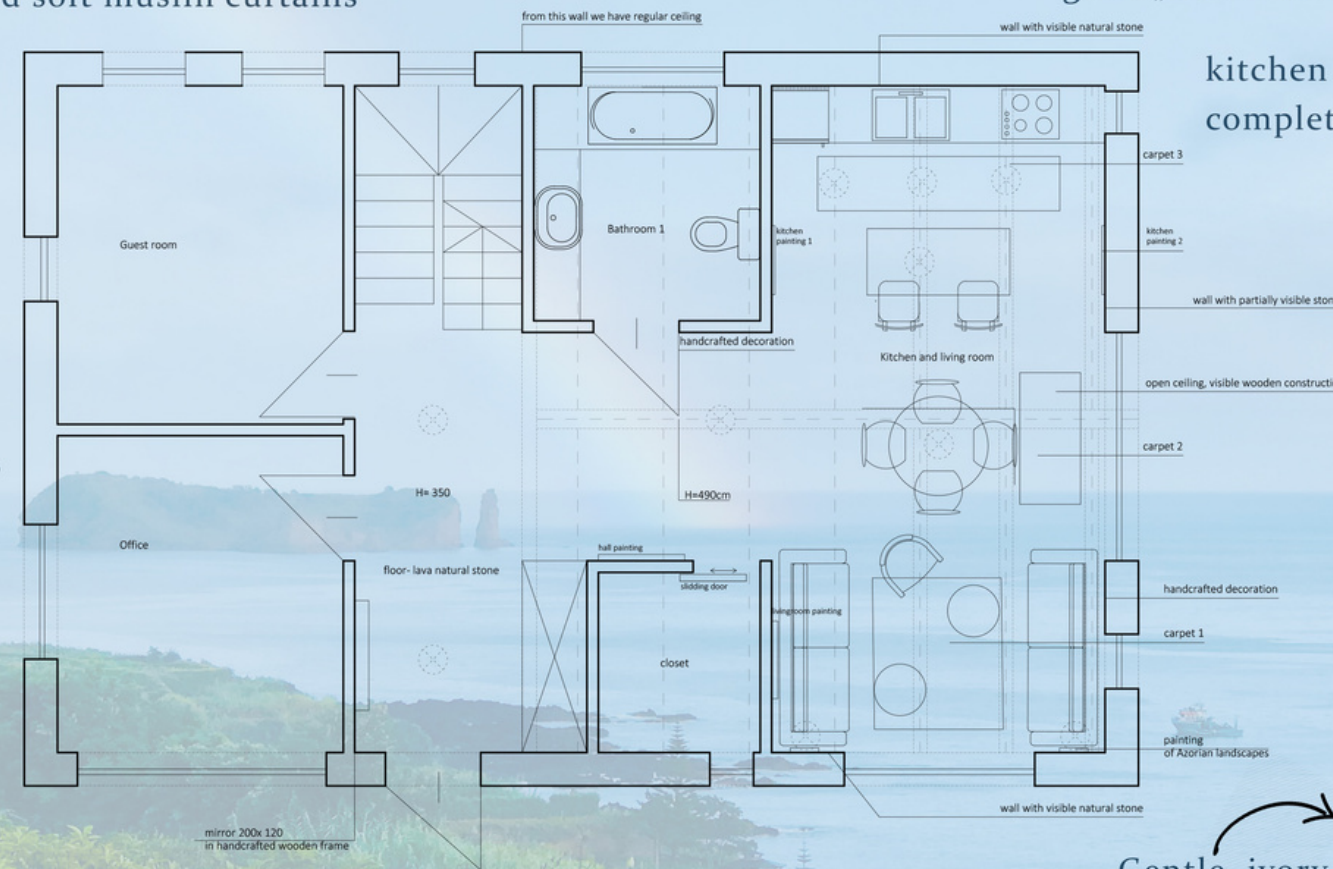

decoration elements mimicing ocean treasures

Lamps ephesizing natural and gentle living

Lava- stone floor is warmed up by unique, oriental-look carpets.
Walls are decorated by reprints of Rothko and Yoshihara.
And also by photos of azorian landscapes.
Candles, little stones and shells are the inevitable elements of home.

Handcraftes wall decorations

visualizations

Path of cooperation

Entire project was built through „Home is your wider body” authorial, holistic programme.

Step 1.

Clients went through 3 months weekly sessions of yoga, meditation & breathing.

Step 2.

Designing sessions (3 months), which gave birth to:

- * 1st and 2nd floor plans
- * 2d shots of chosen walls which were crucial for designing process
- * mood boards
- * visualizations
- * clients were continuing weekly yoga sessions during entire designing process
